### The easy in use fence with extra fine mesh

The solution that provides ease of use, yet meets high security requirements. The extra fine M450 mesh of this panel combines the advantages of Heras' top-selling M500 Anti Climb with a round top design.

The Heras round top model has rounded corners at the top. The frame will be able to bend but will not break at the top corners. The friendly looking round top fence has no protruding points. The corners at the bottom are 100% welded all around and fitted with welded-in corner pieces.
